

Uncle Sam Is Making Movies for Farmers

United Press Service

WASHINGTON, D. C., Aug. 25.—

A "movie" laboratory for manufacture and exhibition of moving pictures—all free—is a new enterprise of the Department of Agriculture, although not generally known outside of the officials and participants. The whole country, however, soon will be gazing upon Uncle Sam's movies—all free.

The films are classed as "educational." They will be exhibited at colleges, universities and state agricultural experiment stations, in addition to many rural centers.

The work is in charge of the division of publications. It is planned to distribute reels of films free, also for exhibition in regular movie theaters. The most recent motion pictures

taken were those of the forest service in the Far West. Rangers were taken in action. Indians on reservations were filmed, and picturesque mountain and woodland views were secured.

Photos also have been taken of the strawberry industry in Warren county, Ky., showing the berries from the "patch to the palate." Another film shows how congressional "free seeds" are distributed. The dairy industry, picturing co-operative cow testing in Vermont, is the subject of another 1,000 foot film.

Preparations of paper from the log to the sheet is the subject of another film, made at Madison, Wisconsin. One of the feature films of Uncle Sam is a "Reeling Washington" film of two thousand feet, taken when boys of various corn clubs were here last fall.

Austrian Gunboats in Danube Shelling Belgrade

These are the Austrian gunboats, which at the outbreak of the war between Serbia and Austria, it was said would sweep Belgrade and clear the Serbians entirely from the banks of the Danube. But the boats have been shelling Serbian cities for several days, except when they were driven away by the Serbian armies, and at the last report they had not made much impression. The Austrian government has six of these boats on the river. They are of a sort of monitor type, and would be of little use in a war where great ocean battleships were to be encountered. But it was believed by the Austrians they would be of great value in a war with Serbia, Bulgaria or Roumania.

95 per Cent Fail in Business

(Advertisement)

Of the hundreds of thousands of merchants engaged in business, 95 per cent of them fail. Why should they fail? Suppose 95 per cent of the people died of diphtheria, what would we say? There is no more reason in 95 per cent of merchants failing in business than there would be reason in 95 per cent of the people dying of diphtheria. It is pure waste. Statistics prove that 95 per cent of the merchants who fail in business are non-advertising merchants. Advertising is the only anti-toxin. Results of good advertising are certain. The inexperienced generally meets with disappointments in his advertising. Advertising is a special business, just as medicine, law, dentistry, etc. The watchmaker takes \$5 worth of pig iron and converts it into hair springs worth \$2,000,000. That is what efficiency does with pig iron. What would efficiency do with your business? What every merchant needs is the assistance of an advertising specialist, who has studied carefully the problem of advertising efficiency. My years of experience in the field of newspaper advertising is at your service at the small sum of one-third of a cent an hour. I have the only reasonable plan for newspaper publicity on the market. Results guaranteed. Write me for my plan of assisting the local merchant with his newspaper advertising. Let me send you free my 52 copyrighted articles on newspaper advertising. Doubly Proven

Klamath Falls Readers Can No Longer Doubt the Evidence

This grateful citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence is conclusive.

It forms convincing proof of merit.

M. S. Biden, 614 W. Clark street, Medford, Ore., says: "I suffered from rheumatic pains, caused by uric acid in my system. The pain was especially severe in my back. My kidneys were disordered, too, and my health was all run down. I couldn't stoop without getting dizzy. Doan's Kidney Pills were highly recommended to me and they did just what was claimed for them. As soon as I used them, the pain began to leave me and the action of my kidneys was regulated. By the time I had finished two boxes I was without a sign of kidney trouble. I gladly confirm what I said in praise of Doan's Kidney Pills when I recommended them several years ago. I can only add that kidney trouble and the rheumatic pains have never returned."

EAT LESS MEAT IF BACK HURTS

TAKE A GLASS OF SALTS TO FLUSH KIDNEYS IF BLADDER BOTHERS YOU—DRINK LOTS OF WATER

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
